

Sage 200 Historical Licences

Usage and Parameters

Last updated: February 2026

Sage 200 Professional – Historical Licences

This document details the usage parameters of a historical licence for Sage 200 Professional.

Entitlement to historical licences, is subject to certain parameters. Details of which are outlined in our disclaimers, [UK](#) or [Ireland](#)

Licence entitlement is granted for a maximum of 7 years from 'live' product cancellation but is also subject to Sage's technology strategy & approval.

Historical licence upgrades can only be requested once every 3 years.

We reserve the right to change this information at any time.

The information below outlines the latest expiry date that software version can operate.

If historical access is required beyond this date to fulfil legal & fiscal obligations, then a historical upgrade to the current latest version is required.
